Access to the garage

In the garage opening at the bottom of the building, you can find four key boxes:

The key box with number 2 contains the key of garage.

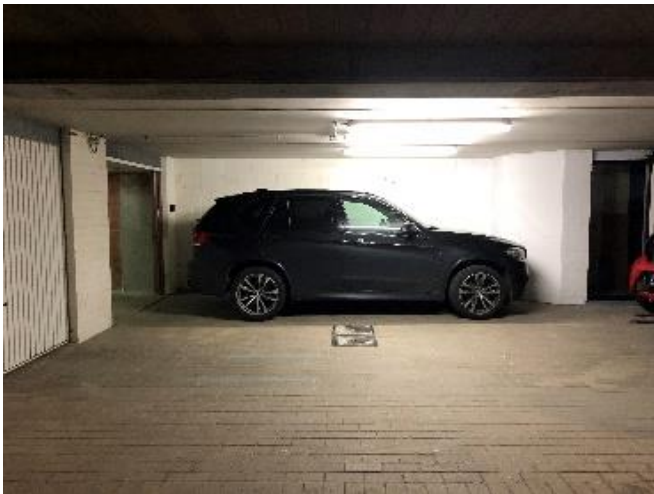

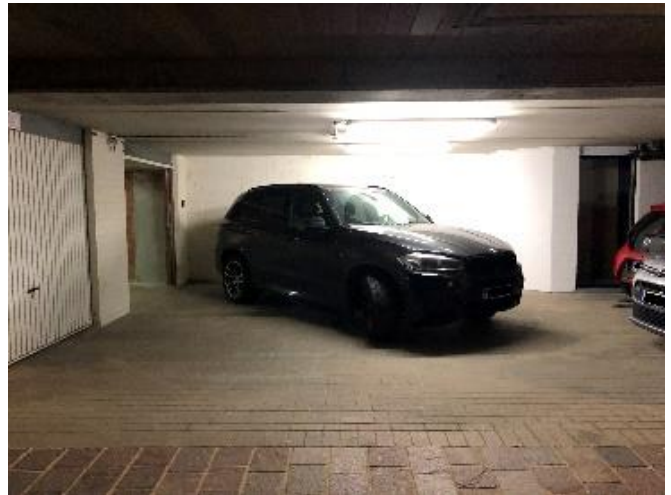

- Do not lose the key ! -

If you lose the key, you will no longer be able to enter the garage.
You can always leave the key in the key box when leaving the garage
to avoid loss (on the beach etc.)

No one can get there with a spare key in short term !

How to park in the garage?

- ✓ Always park backwards! (back of the car first, forwards is not possible!). (Picture 1)
- ✓ Do not try to park in one go. Drive first to the corner of the garage with the wall. (Picture 2)
- ✓ Position your car right in front of the gate and then drive straight backwards. (Photo 3)
- ✓ Do not turn the steering wheel when the car is in the garage opening, to avoid damage!
- ✓ Watch your mirrors when they are at the garage gate!
